Pandemic Planning: Is Your Business Ready?

Would your business survive, if up to half of your employees were absent and you didn't receive the usual *"just in time"* supplies, that you need for delivery of your products and services? With the recent declaration of the World Health Organization that we're now experiencing an influenza pandemic, only one question remains -- *"how bad will it be?"*

GT French Paper Limited has recently addressed the concern for Pandemic readiness. With the aid of key members within our organization, we have assembled a *"Pandemic Kit"*. The kit shall provide products readily available for any emergency situation that may occur when faced with an outbreak.

PLEASE NOTE: The kits are available on a first come first order basis while quantities last and are non returnable .Why not act now to ensure your future's readiness.

Below is a simple order form. Simply complete it, and return it to us. Please remember, this is a limited time offer.
